In the beginning, butterflies were free A rose was a kiss that Earth blew to the Sun just to say thanks . . . then we came along . . . Michael Tanner, playboy-politician-philanthropist, finds himself in an Eastern European missile silo, perplexed as to why hes just flicked the switch in a scheme to end all life on Earth. As he becomes aware of the enormity of his deed, a power beyond his grasp compels him to document the process that led him there, for his own understanding or for a posterity that may never be. Obsessed to put the pieces of his fragmented mind together, his fingers fly across the keyboard. How did this happen to him How could a person dedicated to getting high or getting elected become the lone horseman of the Apocalypse These questions assault and consume him as he loses himself in stream of consciousness writing hoping to understand the metamorphoses he has undergone. Tanners escapade began when he and his girlfriend, Ginny, were speeding in his Ferrari to a play in Manhattan. After a clogged fuel line forces them to sputter into a New Jersey diners driveway, a chance encounter with a tattooed waitress named Maya sets the course for events to come. An admitted ass-man, Tanner becomes blindsided by his fixation on Mayas derriere. Durango, the leader of a 1970s worldwide nihilist group called the GODS, takes the unlikely trio hostage in a Soviet-era bomb shelter. During his ensuing confinement, through forces beyond his understanding, Tanner becomes brainwashed into enthusiastically resurrecting the GODSs long abandoned plan to annihilate humankind....
