Essays on: The Nature and State of Modern Economics

By Tony Lawson

Taylor Francis Ltd, United Kingdom, 2015. Paperback. Book Condition: New. 235 x 156 mm. Language: English . Brand New Book. What do modern academic economists do? What currently is mainstream economics? What is neoclassical economics? And how about heterodox economics? How do the central concerns of modern economists, whatever their associations or allegiances, relate to those traditionally taken up in the discipline? And how did economics arrive at its current state? These and various cognate questions and concerns are systematically pursued in this new book by Tony Lawson. The result is a collection of previously published and new papers distinguished in providing the only comprehensive and coherent account of these issues currently available. The financial crisis has not only revealed weaknesses of the capitalist economy but also highlighted just how limited and impoverished is modern academic economics. Despite the failings of the latter being more widely acknowledged now than ever, there is still an enormous amount of confusion about their source and true nature. In this collection, Tony Lawson also identifies the causes of the discipline's failings and outlines a transformative solution to its deficiencies. Amongst other things, Lawson advocates for the adoption of a more historical and philosophical...
