## FEELING OF WORTH: A MANIFESTO FOR MENDING OUR BROKEN WORLD

Rethink Press, United Kingdom, 2009. Paperback. Book Condition: New. 200 x 126 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The world is a dangerous place; not because of the people who are evil, but because of the people who don t do anything about it. Albert Einstein WE VE COME A LONG WAY Today we live longer, have more choices and greater opportunities for a higher standard of living than at any other time in recorded history. Yet we seem more dissatisfied than ever, and find ourselves unfulfilled, stressed, unable to make the most of what we have and fearful for the future. Society and the world-at-large appear to be teetering on the edge of total environmental and economic disaster. We re in the midst of a raging financial crisis that has taken down some of the world s largest, wealthiest and best-known corporations, and still threatens others. Our faith in the financial systems is seriously shaken - at a time when we need more resources than ever to rectify past errors. In our quest for more equality we ve created a new society of injustice and mediocrity; one in which we re now faced with a work or work-not divide as people abuse systems created to help the genuinely needy. Paradoxically the divide between rich and poor is greater than ever. This has created a multi-headed monster that threatens international security. Governments are quick to exploit this and, in the name of doing whatever it takes to protect us, further threaten freedoms we take for granted, whilst raising the tax burden to unsustainable levels. And we thank them for it! Socialism has failed spectacularly. Capitalism is failing rapidly. Democracy is being forced upon entire countries at the point of a gun and breeding terror!...
