*This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

St Martin's Press. Paperback / softback. Book Condition: new. BRAND NEW, The Death of the Grown-Up: How America's Arrested Development Is Bringing Down Western Civilization, Diana West, "WHERE HAVE ALL THE GROWN-UPS GONE?" That is the provocative question Washington Times syndicated columnist Diana West asks as she looks at America today. Sadly, here's what she finds: It's difficult to tell the grown-ups from the children in a landscape littered with Baby Britneys, Moms Who Mosh, and Dads too "young" to call themselves "mister." Surveying this sorry scene, West makes a much larger statement about our place in the world: "No wonder we can't stop Islamic terrorism. We haven't put away our toys!" As far as West is concerned, grown-ups are extinct. The disease that killed them emerged in the fifties, was incubated in the sixties, and became an epidemic in the seventies, leaving behind a nation of eternal adolescents who can't say "no," a politically correct population that doesn't know right from wrong. The result of such indecisiveness is, ultimately, the end of Western civilization as we know it. This is because the inability to take on the grown-up role of gatekeeper influences more than whether a sixteen-year-old should attend a Marilyn Manson concert. It also fosters the dithering cultural relativism that arose from the "culture wars" in the eighties and which now undermines our efforts in the "real" culture war of the 21st century--the war on terror. With insightful wit, Diana West takes readers on an odyssey through culture and politics, from the rise of rock 'n' roll to the rise of multiculturalism, from the loss of identity to the discovery of "diversity," from the emasculation of the heroic ideal to the "PC"-ing of "Mary Poppins," all the while building a compelling case against the childishness that is subverting...
