The Wall Street Journal Ebenezer Scrooge would seem an unlikely source from which to glean financial wisdom. However, Dickens classic tale of how Scrooge left behind his miserly ways and transformed into a joyful, compassionate and generous man is a powerful model we all can benefit from today. Unlike other financial planning books that focus narrowly on the dollar and cents of money, The Financial Wisdom of Ebenezer Scrooge is an easy read. Written for the layperson, this book provides advice that is simple, transformational and timeless. Through the process they ve used successfully with their clients, the authors will show you how to recognize ways unconscious Money Scripts may keep you trapped; how to deal with the relationship between your net worth and your self-worth; how to discover your authentic goals and values; how to permanently change self-destructive money behaviors; and, through five principles of financial prosperity, how to leave a family legacy of financial wellness.
