The ultimate survival guide for the ultimate attack written by two top scientists who know their subject inside and out! An amazing journey through what we do and do not know about how to defend ourselves before, during and after an alien invasion from space. What if there really are aliens and they do attack Read what two scientists reveal in this how-to survival manual for the space age. Alien invasion. Unlikely As unlikely as Pearl Harbor The extinction of the dinosaurs A meteor strike that levels whole forests in Siberia You get the drift. Some events produce such a massive setback to life, the Earth and to humanity that we must understand and prepare for them, even if the chances are low that theyll come about. In fact, it will be criminal and abrogation of our duty to future generations if we do not get ready! But where to begin Drs. Travis S. Taylor and Bob Boan have the answers. Both are experienced scientists, physicists with expertise in both defense and military signal intelligence and experience working with both the Department of Defense and NASA. These are intellectual heavyweights who have a clear idea of the possibilities of alien contact, the calculations of whether or not that contact will be friendly and what to do if its not. An amazing journey through what we do and do not know about how to defend ourselves from space. Sure, that day may never come in our lifetimes but everyone should have a copy of this lying around JUST IN CASE. Heck, better yet, why not commit a few of these scientists solutions to memory! Just in case. About Travis S. Taylors ground-breaking popular fiction: explodes with inventive action dazzling, cutting...
